

# Bare Hill Pond Committee

Monthly meeting minutes for October 2018

Hildreth house, Harvard, MA

Name	Present	Name	Present
Bruce Leicher	Yes	Megan Glew	Yes
Brian McClain	Yes	Morey Kraus	No
Peter Von Loesecke	Yes	Steve Gordon	No
Joe Pettirossi	No	Ashwini Kumar	Yes

1	National grid check for \$7000 toward electric charges for the pump was issued by the town but they never received it. Error in processing will be taken care of. This year we consumed \$2300. Total budget is estimated to be \$28000 this year.
2	Drawdown doing good. The pond is already down 3 feet now due to opening of dam. Pump will be started this week.
3	Budget will not be any different except monitoring(phosphorous count) and on education (pond tour). There are some erosion problem in Warren avenue and the road needs to be fixed otherwise we may have build a water shed BMP (Best management practice).
4	All boards meetings. Megan made a presentation on behalf of pond committee infront of town selectment. We need to come up with a set of goal for the next year as per directions of charter.
5	Conservation commission proposes buying Coppo Bianca land for about \$100000. This is a 23 acres parcel in willard lane. Community preservation will invest another \$200000. They need a letter of support from Pond committee by the end of the week. Peter will investigate the terms of transaction and report so that Bruce can take a final decision of approval.
6	The committee discussed, a remodeling project on 9 Wilroy Ave of extending the roof over the porch. This would make it 197 ft from the water. Pond committee has no objections to this development.

Next Bare Hill Pond Committee meeting: Nov 26th 2018
