2024 Permitted Waste Haulers

Any waste hauler who wants to operate in the Town of Harvard must be permitted by the Board of Health. Permits are issued for the calendar year, with applications due on Dec 1st of the previous year. The Board reviews complete applications as they arrive; renewal permits are issued by Feb 1st of the permit year. Haulers who would like to begin operations mid-year should apply for a permit before they begin to operate in the Town of Harvard.

The following waste haulers have received permits to work in Harvard in 2024. Companies are listed in alphabetical order.
