

OFFICE OF THE
BOARD OF HEALTH

ATTESTATION: LONG SEWER LINE INSPECTION
Pursuant to the Code of the Town of Harvard, 145-9: Long Sewer Lines
(Due annually in the Month of October)

As owner of the property located at _____, Harvard, Massachusetts, I hereby attest that on _____ (date), I performed the required annual visual inspection of my septic system installed to confirm:

- (1) maintenance of proper vegetation so as to reduce the likelihood of erosion; and
- (2) prevention of growth of vegetation that could infiltrate the system components and effectively disable the proper functioning of the system.

I further attest, by initial, the following:

_____ Properly maintained vegetation was present at inspection.

OR

_____ Existing vegetation needs maintenance. Date to be completed: _____

Additional Comments: _____

Attestation Date: _____
