If project consists of several different tasks, begin by listing each task, then describe each task in detail including drawings, plans, and photos as necessary. You may attach additional pages to describe your proposed work.

We would like to hang an antique wrought iron bracket and a simple wooden sign on the right hand corner of our church building. This sign (image attached) will hang near the right side door to the church and will indicate the entrance to our charitable church shop, the Unique Boutique. The sign can be easily removed from the bracket. The sign is constructed out of wood, painted white with black lettering and is 18" x 30". Ideally, we would like to hang the sign indicating the store name at all times and just add the smaller "open" sign when the shop is open. (Currently Wednesdays 10-2)
