### APPLICATION CHECK LIST

#### Minor Permit

- ☒ Sketch plan showing limits, scope of work and proposed Best Management Practices (BMPs)
- ☒ Project narrative that includes a description of the proposed project and a description of how and where stormwater will be controlled and erosion and sediment controls to be used
- ☒ \$25.00 filing fee

#### Major Permit

- ☐ Applicants shall file one (1) original completed application packet and seven (7) copies
- ☐ Project narrative that includes a description of the proposed project and a description of how and where stormwater will be controlled and erosion and sediment controls to be used, plus a description of any specimen trees within the project area.
- ☐ Engineered plan set, signed and stamped by a professional engineer or a professional land surveyor registered in the Commonwealth of Massachusetts, and drawn at a legible scale and including:

- **Existing and proposed conditions plans**, which shall identify significant natural features and native trees greater than a diameter of (6) inches within the project area.
- **Erosion control plan**, which shall include the following related specifically to the disturbance area:
  - Location of all structural and non-structural erosion and sediment control measures and BMPs;
  - Locations where stabilization practices are expected to occur;
  - Locations for storage of materials, waste, vehicles, equipment, soil, snow, and other potential contaminants;
  - Operations and Maintenance Plan for BMP's including inspections and maintenance activities as noted in §133-41 below;
  - Areas where previous stabilization has been accomplished and no further construction-phase permit requirements apply; and
  - Any other information deemed necessary by the Planning Board.

☐ \$200.00 filing fee
