3. Norm setting
4. Listen to student feedback on the following topics:
 - a. **Extra Help:** How comfortable are you in asking your teachers for help in understanding class material or on completing assignments? How often do you ask for help outside of class? What, if anything, would make asking for or getting help easier?
 - b. **Feedback for teachers:** Does your teacher solicit feedback from students on how the class is going and what works about their teaching and what could be improved? At what point in the year do your teachers do this? How seriously do you think the teachers take your feedback? Have you seen changes made based on feedback you've given?
 - c. **Standardized Testing:** What is your general opinion on MCAS and SAT/ACT standardized testing? Do you support MCAS as a high school graduation requirement? Do you feel Bromfield has prepared you well for the test? How so? Would you make any changes to standardized test preparation at Bromfield? Do you think about aiming for post secondary schools that don't require SAT/ACT? Is it a source of chatter amongst students?
