Call Meeting to Order

Read Vision Statement

Hear student input on the following:

- Feedback on food service/lunch (what's working, what improvements would you like to see? When "free lunch" goes away do you plan to always/sometimes/never bring your own lunch next year?)
- How was your experience with Refresh Day? Overall, does this day help student anxiety and stress levels? Do you learn lifelong stress management tools? Do all classes and students participate?
- Feedback on AP offerings/classes. Are students able to find the right balance on the number of AP courses they take? Should there be a limit or stronger guidance recommendations to reduce student stress or is having the choice working? Can students opt out of taking the exam? Is there a desire for other/less/more offerings?
- What have you gotten out of being on SAC this year and what improvements could we make for next year?
