

CHEMICAL SAFETY & CLIMATE RESILIENCY TRAINING

Reducing Toxics in Your Community

SEPTEMBER 28TH 9am – 12:30pm

8:30 am CHECK-IN AND REFRESHMENTS

Devens Eco-Efficiency Center, Vicksburg Conference Room,
33 Andrews Parkway, Devens, MA 01434

The Office of Technical Assistance and Technology (OTA) and the Montachusett Regional Planning Commission (MRPC) invite you to participate in this no-cost training session to educate municipalities about incorporating toxics use reduction strategies into community and regional emergency preparedness. The impacts of climate change will be considered in the session.

WHO SHOULD ATTEND:

community planners, emergency responders, EMDs, R/LEPCs & municipal users of hazardous chemicals
